REMARKS

An RCE is filed concurrently herewith in order to ensure that references previously filed via supplemental IDS after the Final Office Action dated August 12, 2003, and resubmitted in the present IDS, are considered by the Examiner.

Applicant's representative thanks the Examiner for the courtesies extended during the telephonic dialogue on April 19, 2006. Pursuant to that conversation and in response to the Office Action dated March 10, 2006, a supplemental reissue oath/declaration is submitted herewith, in which at least one "error" is identified to support the reissue application in accordance with 37 C.F.R. §1.175(a)(1). Specifically, the "error" relates to applicant's claiming less than the applicant had a right to claim in the original patent. For example, the independent claims of the reissue application are different from the originally filed independent claims at least in that they set forth the aspect of a bar code reader/scanner.

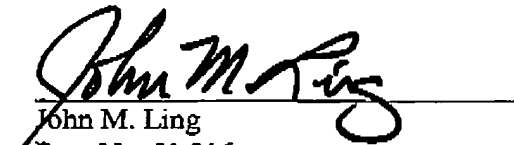

CONCLUSION

Any additional fees that may be due in connection with the subject application may be charged to Deposit Account No. 50-1063 (Ref.: TELNP120USA).

Should the Patent Office believe that a telephone interview would be helpful to expedite this matter, the Patent Office is invited to contact Applicant's undersigned attorney at the telephone number listed below.

Respectfully submitted,
